Work Experience:

Customer Care & Technical Support

Blackboard K-12

8/2020-2/2021

- Identifying hardware and software solutions.
- Installing and configuring hardware and software.
- Following up with clients to ensure the problem is resolved.
- Troubleshooting technical issues.
- Speaking to customers to get to the root of their problem.
- Supporting the roll-out of new applications.
- Diagnosing and repairing faults.
- Talking customers through a series of actions to resolve a problem.

Board Operator

iHeartMedia 106.1 KISS FM DFW

1/2019-8/2019

- Provides programming and control board support to On-Air Talent.
- Operates control board for studios and remote programming.
- Regulates program timing, operates syndicated programming, and plays commercials.
- Monitors the technical quality and accuracy of incoming and outgoing on-air programming from master control room.
- Handles emergency inserts (e.g. news updates, breaking stories, alert system tests, etc.).
- Protects station's license by censoring live programs and deleting words/phrases not permitted on air.
- Executes playlists for server, tape, or simulcast programming.
- Assists with adjusting signal and programming content to ensure transmission meets federally mandated standards.
- Processes time-out programming for accurate play back.
- Monitors and updates weather, traffic and news reports into automation equipment.
- Checks studio equipment for proper functioning and notifies Engineering of technical malfunctions affecting quality of the broadcast.
- Screens in-coming phone calls and selectively chooses callers for On-Air Talent and talk shows.
